Good Faith Estimates

Good Faith Estimates for Uninsured or Self-Pay Patients

Under the law, health care providers must give patients who don't have insurance or who are not using insurance an estimate of the bill for medical items and services.

You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and facility fees.

For scheduled services, we will provide a written estimate within three (3) business days of your request or scheduling.

If you receive a bill that is at least \$400 more than your Good Faith Estimate, you have the right to dispute the bill.

Date Issued: 2-2026
