

# DISC Surgery Center at Palm Beach

## Service Bundle Estimates

DISC Surgery Centers are committed to helping patients make informed decisions about their healthcare. To assist you, we provide average pricing information for common procedures and services offered at our facilities.

These estimates represent average bundled charges for a procedure and may include facility fees, supplies, and standard recovery services. Actual charges may vary depending on your specific treatment plan.

Please contact our office for more detailed information or to request a personalized Good Faith Estimate.
